## MONDAY, JUNE 15<sup>TH</sup> PLAN AND PROMOTE

TIME	TITLE	DESCRIPTION	RECOMMENDED FOR	REQUIREMENTS	PRICE
8:30 AM - 4:00 PM	  Event Creation Core Concepts (Flex)	This is a three-part workshop series perfect for beginner users. If you are new to Cvent, this is the track for you! Join us as we take you through an introduction to the Event Management solution where you will learn how to create, setup and launch your very first Cvent event. By the end of the day, you will walk away with a fully launched event template and a new found confidence in your event terminology, ability to build an agenda, how design a website and how promote and communicate your event.	Event planners new to using Event Management.	Laptop, Event Management Log In.	\$600
8:30 AM - 1:00 PM 	  Event Creation with Moderate Complexity (Flex)	This workshop is meant for users who have used Event Management before in Classic or Flex and need guidance on their Flex registration build. In this 4-hour hands-on workshop, you will create a Flex event of moderate complexity with the assistance of Cvent experts. Come prepared with your event details, ready to set up and test your site while also following along in the configuration of commonly used features in a moderately complex event like customized registration experiences and more.	Event planners experienced in using Event Management (Classic or Flex) seeking knowledge on how to build events with moderate complex event attributes: <ul style="list-style-type: none"> <li>• Ability to customize the registration experience and agenda by type of registrant.</li> <li>• Option for group or guest registrations.</li> </ul>	Laptop, Event Management Log In, Sample Event Details such as title, date, agenda items, fees & refund policies, types of registrants, and information to collect from registrants.	\$400

## MONDAY, JUNE 15<sup>TH</sup> PLAN AND PROMOTE

TIME	TITLE	DESCRIPTION	RECOMMENDED FOR	REQUIREMENTS	PRICE
8:30 AM - 1:00 PM 	  Event Creation with Advanced Complexity Registration (Flex)	Do you host tradeshow, symposiums and exhibitions? Due to their multi-purpose objectives, these events require more complex registration setups that incorporate the use of several Cvent modules. In this 4-hour workshop, follow along in the build of a Flex event with the features commonly used in complex events while having expert resources to help with your event setup. Come prepared with a shell of your event built out and your event scenarios to review with experts onsite.	Event planners experienced in using Event Management (Classic or Flex) but seeking knowledge of the following advanced complexity attributes: <ul style="list-style-type: none"> <li>• A multi-facet registration for different types of attendees, exhibitors, sponsors and more.</li> <li>• The need to include varying numbers of additional registrations with exhibitor packages.</li> <li>• Use of multiple Cvent features: Event Registration, Exhibitor Management, and a brief overview of Appointments and LeadCapture.</li> </ul>	Laptop, Event Management Log In, Event shell configured prior to workshop. Cvent Appointments and LeadCapture are not required but a plus.	\$400
11:00 AM - 1:00 PM 	   Leverage Passkey and Event Management Successfully	Learn how to prepare yourself for a Passkey housing event build, walk through the necessary steps to prepare for go-live and learn what elements of registration may impact room reservations.	Event professionals who are responsible for housing modules and registration using Passkey and Event Management.	Passkey user account and the completion of new customer training, Event Management Log In.	\$200

## MONDAY, JUNE 15<sup>TH</sup> PLAN AND PROMOTE

TIME	TITLE	DESCRIPTION	RECOMMENDED FOR	REQUIREMENTS	PRICE
8:30 AM - 10:30 AM 	  Cvent Site & Email Designer Core Concepts	Are you hoping to take your Cvent Flex websites & emails to the next level? In this design-focused workshop, you will walk through the in's and out's of the Flex Site and Email Designer where you will learn to build a sleek, modern and responsive website, registration process, and promotional emails using our interactive interface.	Event planners and marketers new to using the Flex interface.	Laptop, Event Management Log In, Shell of an event created.	\$200
11:00 AM - 1:00 PM 	  Embracing Cvent in the Higher Education Industry	This workshop is designed for Cvent customers in the higher education space who have beginner to intermediate experience with Cvent, and are interested in thinking how expansion and further adoption can be achieved across the institution and event programs. In this 2-hour, hands-on workshop, you will review administrative features that are beneficial for higher education use cases, learn how to utilize unique feature applications for different types of events, and review suggestions on how to develop a more programmatic approach for training account users by leveraging a new user toolkit we have developed exclusively for our higher education customers. This session will be relevant to admin users and event planners for programs like Reunion/ Homecoming, Continuing Education, and Donor Relations	Higher Education Users who are experienced in using Event Management, but seeking knowledge of best practices and resources to expand how Cvent can be used for their higher education events and programs: <ul style="list-style-type: none"> <li>• Interest in expansion across the Institution and to organize users.</li> <li>• Need to customize the registration features and experience for higher education attendees.</li> <li>• Interest in more reporting for decision making and to effectively prove ROI.</li> <li>• To have resources to help effectively train new users due to expansion or turnover.</li> </ul>	Laptop, Event Management Log In, Example event details for an event template that you would like to create for users within your account.	\$200

## MONDAY, JUNE 15<sup>TH</sup> PLAN AND PROMOTE

TIME	TITLE	DESCRIPTION	RECOMMENDED FOR	REQUIREMENTS	PRICE
11:00 AM - 1:00 PM	   Introduction to Strategic Meetings Management	<p>You understand the value of upgrading your meetings management program from notebooks and spreadsheets to a comprehensive online solution. But, if you think internal stakeholders will resist the move, don't understand the need for it, or question its usefulness, the session is for you. We'll break the big picture down to its individual components and show you how to adopt a strategic program in manageable pieces, rather than trying to roll out the entire solution. We'll also share ways you can overcome objections and tips on change management—so you can effectively “sell” your strategy internally.</p>	<p>Mature Event registration or sourcing clients looking to promote the business value of meetings and events internally through streamlined workflow and automation, Ideal audience has not started an SMM program with policy or technology.</p>	<p>Laptop, Cvent Event Management login credentials with access to Meetings Management Module.</p>	\$200
